

God Speaks First to Guide Us Through the Storm!
Robert Heidler Ministers Tomorrow on "You Will Triumph!"

Saturday, November 3, 2012

Dear Overcomers:

I am so grateful for all of you who have been praying with us this week during the Morning Watch for 3-6 AM. Our prayer times at the Global Prayer Tower have been so powerful. Tuesday morning was a blowout! New revelation came forth! A new song came forth to break an old cycle! Other mornings also had incredible breakthroughs. Wherever you are located, please be sensitive if the Lord is awakening you during this watch to take time to pray for the power of God to change the atmosphere over the northeast, as well as to bring the glory of God into your region. Further below is an incredible update from John & Sheryl Price that you will want to read.

This Sunday at the Global Spheres Center

I hope many of you will be able to join tomorrow's Celebration Service at the Global Spheres Center at 9 AM. **DO NOT FORGET THAT DAYLIGHT SAVINGS TIME ENDS ON SATURDAY NIGHT, and to TURN BACK YOUR CLOCKS ONE HOUR!** Robert Heidler will be teaching on "You Will Overcome!" If you cannot join the service live, the [webcast replay](#) will be available through Wednesday evening.

Redeeming the Time!

As I have already shared, this year is one to Redeem the Time! Our staff is presently studying the book, [Redeeming the Time](#), and is pressing into what it means to let go of hurts, bitterness and all that would keep us from coming into the new. Please take a few minutes to watch a great video with testimonies and insight from several of our staff. Just click [HERE](#). Josh Awbrey and others are doing a great job facilitating these times of fellowship.

You will also want to mark your calendars for the return of the **Kingdom Force Institute**. ***This is a new Training Institute for Piercing, Positioning, Propelling & Thrusting the Kingdom Forward***, located and communicated from the Global Spheres Center. On **November 16-18**, Robert Heidler and I will be teaching on **The Days Are Evil: How to Redeem the Time!** This will also include our Firstfruits Celebration for the Hebraic month of Kislev. Our special weekend begins on Friday night and continues all day Saturday through Sunday morning. If you are not able to join us onsite, I want to encourage you to invite others to your home so you can collectively develop a new understanding of redemption and walking in God's timing. There is no cost to attend (onsite or by webcast), nor is registration required. Don't miss this opportunity to be equipped to launch into a new season of training and development for your future.

Incredible Report from John & Sheryl Price to those Aligned in NJ and the Northeast Region

On August 21, 2011 Chuck was with us in New Jersey and shared this key word: “God spoke to me about the Garden. He said this to me for New Jersey and this nation. He said My Glory is in the Garden (New Jersey). My Glory is now in the Garden (New Jersey). And I say to you, in the next fourteen months (through October 2012) you will go through a great interaction where the enemy will be trying to convince this region that you have not broken through. I say to you tonight My Glory is ALREADY in this Garden. I say move My Glory out of this Garden (New Jersey) to the Gardens (Other States) that are touching your borders. I say the Glory from this Garden can now circle and surround this Garden and I will create five more Gardens from this Garden, saith the Lord.”

As I write this report, we are flying into New Jersey at sunrise, from Thailand, via Dallas, TX, having been delayed arriving home for several days due to hurricane Sandy. This historic storm hit the New Jersey coastline exactly 14 months from the prophetic word spoken above, in October of 2012. From the air, the Cape May peninsula looks half its width, due to the flooding. Buildings are just washed away. Our son in law, who is an Atlantic City Fireman, is working hard with his fellow firemen trying to hold things together in a storm tossed war zone, answering calls for fires and calls for physical emergencies. The first responders are out in full force, doing what they do best. Our prayers are with all of them. My daughter, who is a nurse, while being evacuated from her own home due to flooding, is continuing to work with other nurses, doctors and all kinds of medical folks to staff hospitals and emergency room facilities.

Now, while the day to day difficulties of “cleaning up so we can begin to rebuild our lives” press upon each of us, we can still say, with grateful hearts, we are a people who have received abundant grace from the Lord. It could have been much, much worse. In the beginning, as the storm was approaching, meteorologists were saying that Sandy could potentially stay at the NJ coast for several days, churning, creating a massive 900 mile wide cauldron of destruction. Sandy's strength, as indicated by barometric pressure just before landfall, set a record. The lower the pressure, the stronger the storm. When hurricane hunter aircraft measured its central pressure at 940 millibars (27.76 inches) on Monday afternoon, it was the lowest barometric reading ever recorded for an Atlantic storm to make landfall north of Cape Hatteras, North Carolina. The previous record holder was the 1938 "Long Island Express" Hurricane, which dropped as low as 946 millibars. We fully believe that the prayers of people like you, which have gone up now for several years, released grace from heaven to hold back a greater level of destruction.

New Jersey has a unified, faith filled, triumphant reserve which we have been given the privilege to lead during this season of our life. You are a people who, having done all, stand, knowing that God is the sovereign Lord. He alone holds our future, and we must trust Him in all things. Because we are aligned properly apostolically and prophetically, we have been given the added blessing of knowing that this storm was coming for many years now, for God does nothing unless He first tells his prophets. Then apostolically, we were shown how to implement a Godly strategy for repentance, change and safety. So, as each level of prophetic warning came forth over the years about this storm, you moved in obedience to corporately intercede, worship and declare the will of the Lord throughout our territory. Many took first responder courses, like

Terri and Bruce Foster in Salem County. Although this storm was not stopped completely, we know the devastation the enemy planned to release through this circumstance was held back to a degree. It is why, when God speaks to us about coming destruction, we must bow our knee before Him in humble repentance and submission, worshipping Him and crying out for mercy and grace, so we make it through triumphantly. We believe we are doing so at this time.

A Brief History: In 1997 we received our first prophetic glimpse of this storm. We were in the midst of a 30 day evangelistic tent meeting in Atlantic City. During this time the Lord showed us a coming storm that would seek to totally wipe out Atlantic City and refigure the coastline of our territory. Many of you were with us for this month long mission, and heard the same thing from the Lord. Chuck Pierce visited Atlantic City with us ten years later, in May of 2007, and began to share what he was seeing from the Lord. He prophesied this,

“Now look at that mountain in New Jersey and shout Grace, Grace, Grace!!! For I would say to you I brought you here tonight to shout 'Grace'. For I say there is an atmosphere of grace that must be created in this area for once there will be a shaking (this happened last year in 2011) and twice there will be a wave, saith the Lord. So I say as you shout 'Grace' tonight, the people of God will know that grace has preceded them this hour. For I say this is a coastline that will need my grace, for I say grace now is coming upon you and there will be unusual miracles and there will be signs and wonders. You will learn to paddle forth - for the grace of God will begin to cause the rivers and the waters to rise. So I say to you the sound that has been in this area, now, it will be overtaken by grace, saith the Lord.” After this the Lord directed us to gather for 21 days of prayer and fasting throughout the state in each of our 21 counties. Those gatherings were amazing.

Then, most recently, Chuck gave this word on June 8 of this year, *“He is going to give us power over the next storm in this area. There will be a storm on the coast and the Lord says I am going to give you power. You are going to see MY power working. Now I am here to say again, New Jersey, Newark, Rehoboth beach in Delaware, Hartford area in CT and all the way to Yale – God is going to move in an unprecedented way – now get ready! The power of God has come into the atmosphere. This power is going to surprise you in a way that you have not been surprised. Some of you are saying, ‘how does this affect me?’ Well, some of you are going to wake up in the Presence of the Lord, and He is going to say I am waiting for you. He’s going to stand there and you are going to be arrested by HIS SPIRIT. God’s people are coming under a supernatural power and favor in this region.”* Immediately the Lord instructed us to gather corporately for 7 days, around the coastal borders of New Jersey, to pray and worship, outside, in full view of the public. Many of you joined us for these gatherings. We all felt the storm was imminent. The public came and watched us as we worshiped and prayed about a coming storm. Some joined in. Others mocked. They heard the Word of the Lord through the remnant triumphant reserve. Hopefully many heeded what they were being shown.

During that same week, while praying in Atlantic City, a tornado tried to touch down right in front of us on Route 30, blocking our exit. Lori Wong, the NJ Aglow International Prayer Leader was with us as we rebuked the funnel cloud and watched it suck right back up into heaven. A few minutes later, this same system touched down again near Atlantic City’s Brigantine Inlet, where we had just prayed a few minutes prior, creating a water spout that was caught on video. You can

view this on You Tube at <http://youtu.b/eNropEytZUxE> As a matter of fact, that entire week, as we traveled throughout the state to hold these prayer meetings, terrible thunder storms releasing hail, rain and wind damage tried to stop us each step of the way. But God intervened every time! Apostle Frank Dupree, from Newark, NJ, texted us while we were gathering up on High Point Mountain, to be sure we were all ok. The storms surrounding the NW New Jersey territory that evening were so bad the news cast was warning people to stay in their homes. However, on the mountain, heaven opened in a perfect circle of bright blue sky, and we were able to worship and pray as assigned by the Lord. We are at war friends. Although it is with an unseen realm, it is very real none the less. May we all have eyes to see the plan of God and the opposing plan of the enemy in our lives. May we move in God's strategy to overcome each obstacle set in our way.

We want to say we love you. We are grateful for your courage, prevailing prayer and persistence. You are history makers. You are fire starters and awakening agents of the Most High God. May the Lord bless you all as we press through this season of trial and triumph, victoriously. By love, faith and obedience we have broken through! We are all moving forward into great favor and a move of God that we all long for! Please stay in touch and let us know how each of you are doing.

Blessings,
John and Sheryl Price, Aligned for His Glory

[Redeeming the Time](#) by *Chuck D. Pierce*

This is a year of redemption! One of the key books that will help you this year is ***Redeeming the Time***. If you have not already read this book, you will want to make it a priority. This book helps you answer the difficult question of how to get back in sync with God when you realize you missed a window of opportunity. This is an amazing principle to understand. When one window closes, the Lord has a divine plan to reposition another time and another place for you to enter His blessings. How many times do we wish we could go back in time to undo or redo

something? Although the Lord doesn't take us back in time, He has the ability to bring our past "into" our future so that we have a second opportunity to choose and get back in His perfect timing. *Redeeming the Time* will help you recognize God's timing in your life and determine if you are in step or out of step with God's plans and purposes. This book will also help you align yourself with God's perfect timing system, and reap rewards of a life spent in step with our Father. There is also a chapter that will help you understand the Triumphant Reserve that is emerging from state to state.
