

***Rains of Revival!***  
***from Daniel and Amber Pierce***

February 7, 2012

*Dear Friends of Israel:*

I loved reading this letter from Daniel and Amber. Their testimony is filled with life, and an expectation for the Lord to move when we step out in His name. May rains of revival saturate you as read their report.

Blessings,  
*Chuck D. Pierce*

---

*“The Poor and needy search for water, but there is none; their tongues are parched with thirst. But I the Lord will answer them; I the God of Israel, will not forsake them. I will make rivers flow on barren heights, and springs within the valleys. I will turn the desert into pools of water, and the parched ground into the springs. I will put in the desert the cedar and the acacia, the myrtle and the olive. I will set pines in the wasteland the fir and the cypress together, so that people may see and know, may consider and know that the Lord has done this, that the Holy One of Israel has created it.” Isaiah 41:17-20*

Our first two weeks in Beersheba were so dry that we needed to have a humidifier in three rooms. We were thirsty no matter what. The first time it rained we thought that it would be one of the six rains per year that occurs here if the desert is fortunate. Praise God it really hasn't stopped raining for the past three weeks and its becoming lush and green.

This is another reminder that God keeps every promise that He makes! This scripture above promises that God will provide in the desert so that people would know and see that He has done it! I love when we see one of God's promises unfold. He always provides, no matter what desert you're in!

**I have a personal testimony and I hope it encourages you!** Last week I had a pinched nerve in my lower back. Of course those are very painful so we called on the community in our town to pray. Our doctor friend came over to assess the situation and then asked if my legs were uneven. I said, “Yes, I have x-rays and everything.” She made markings on my legs and assessed that my left leg is  $\frac{3}{4}$  of an inch shorter than my other leg. This is just what my own doctor back in Texas told me. So she said, “I want to pray for your leg to grow.” As she was praying I was so careful not to move because I wanted to be sure that if my leg was going to grow that I didn’t have anything to do with it. I closed my eyes real quick and by the time I opened them my leg had already grown almost an inch. She didn’t pull or tug on me -- she just very gently prayed. I stood up to walk around and it felt so strange to have my legs now the same length.

Pictures of legs before and after prayer

I have prayed for healing for situations and sometimes it takes years for it to unfold. Daniel and I saw a healing take place in just a moment. This is the same kind of miracle that would cause the lost to believe. The timing of this was so profound because just the night before Daniel and I were talking about how we could be more useful as we walk out the Great Commission. How can we see more people saved? The only answer in a land where people know it all, where they’ve already seen it all, and where they think they know all about Jesus ... is through signs, wonders, and miracles. We believe that timing of this was really the Lord confirming to us that now is the time to act in this way. We are asking that God would bring people to us who need prayer. I believe that this is a word for all of us.

### **A Dream Coming to Life**

Several years ago I had a dream that Tiffany Smith and I were running through some ancient streets. We were filled with joy and laughter. We were praying for strangers to be healed and then they would tell us that they wanted to know the God who does this. That dream was like

revival in the streets, we were making revival every place we stepped! I believe that this is a sign and know it is the time for us to act in this way! Tiffany and I have a connection in the natural that we both went through a time of barrenness concerning having children. A few years ago several could not have children and several couples had miscarriages. **Now we are a generation blooming in the desert! The droughts are broken; God is covering both ends of the earth! The droughts are broken over the US and over Israel! We declare that everywhere you go you will make revival in the streets!**

We will have an Israel Prayer Watch during the second watch of the evening. We will be praying at 9pm on Tuesdays and would like for you to join in and pray at the same time as us. For several of you in the States that will be 1 PM your time. This is a really important time to pray for Israel! Over the past few days Hamas has fired rockets into southern Israel. Just last night the Israeli Defense Forces blew up a weapons factory and several other locations where explosives were being stored in Gaza. Key military and political leaders have recently expressed the need for a more involved operation in Gaza to clear weapons and stop rocket fire. Please pray that leaders who are responsible for decision making will be sensitive to the Holy Spirit and not rely exclusively on human wisdom. Also pray for families who have children actively serving in the IDF, as these can be trying times.

Blessings and shalom,

*Daniel, Amber and Lily Pierce*
