Us to Build a Winepress!  
Press and Enlarge Your Boundaries!***

*Dear Pressing Saints:*

**Say “GOODBYE” to an Old Form of Provision and Receive New Provision!**

As I got up this morning and began seeking the Lord, I heard the following that I believe will greatly encourage you:

*“This is a day of freedom for those who will choose to say goodbye to an old form of provision and security, and who will embrace a journey of unknown expectations and rewards. For I have many new ways for you to have supply. I am creative, for I am the Creator. Therefore, I will show you how to create and gain wealth. I will show you supply that has been hidden. If you will worship Me, you will see! If you will proceed forth with Me now, you will learn as you go and see Me in new ways. It doesn’t matter how old you are, or how set in your ways you are. **If you take a step today, I will teach you in a new, fresh way.** You will also hear Me in new ways, and the sound you hear will become fresh and directive toward your future. So enter in to the freedom that I have for you now, and do not rely on the freedom that you have experienced up until now. Be shod for the path of glory that awaits you today!”*

**Time for the Winepress! Press Out and Enlarge Your Boundaries - Land Expansion Update!**

We are so excited for how the Lord is helping us understand the season ahead. ***In this year of the winepress, so new revelation can come into fullness, we have constructed a winepress that would be similar to what was used in Bible times.*** This is located right next to the area where we will be planting our vineyard this week. So in days ahead we will be able to take the grapes grown onsite and demonstrate the process that must occur for new wine to come forth. This will provide an incredible opportunity for training both young and old on what it takes for the Lord to bring out His best in each of us.

Click [HERE](#) to watch this incredible five-minute video which will show you the formation of the wine press. You will also hear the update on our opportunity to purchase the incredible piece of land adjacent the Global Spheres Center. This is an incredible opportunity to expand the Garden area the Lord has given us. Please pray for favor to obtain this property.

**A Month for Judah to Go First! Tribe of Judah: Going First in Worship and in Warfare!**

I hope many of you were able to join us on Friday night for our ***Firstfruits Celebration*** for the Hebraic month of Nisan/Aviv. Aviv is a Hebraic term for the stage of growth of grain when the seeds have reached full size. Historically, the barley harvest was waved before the Lord this month (Lev. 23:4-11). We waved our offerings before the Lord, and declared that the fullness of

our harvest in this season is being secured. This is a great time to sow your seed so we can come into agreement that your harvest in this season will provide great provision for you in days ahead! You can give your Firstfruits offering [online](#), by calling **1-888-965-1099** or **1-940-382-7231**, or by postal mailing your donation to **Glory of Zion, PO Box 1601, Denton TX 76202**.

On Friday night, Robert Heidler began a two-part message on the **Tribe of Judah: Going First in Worship and in Warfare**. Since this is the month associated with the tribe of Judah, we want to understand the dual importance of worship and warfare at this time. We finished our night by dedicating the Shabbat Center – a wonderful place of fellowship, feasting, entertainment and more! So be sure to watch the [webcast replay](#) so you can enter into our whole evening of worship, giving, teaching and entering into Shabbat rest. This Firstfruits replay will be available through March 27.

This morning during our Celebration Service, Robert completed his message on

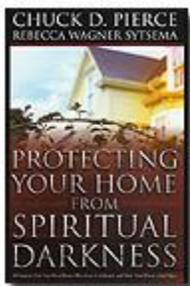

The Tribe of Judah by teaching on **Judah: The Tribe of War!** If you were not able to join the service, you will want to watch the [webcast replay](#) that will be available through this Saturday.

Blessings,

This book is unique, fun to read, and probably as helpful as any book on the market to show you things to look for in your home that could be allowing demonic activity. *Protecting Your Home* has an excellent chapter on how not to cause your children to resent you as you teach them discernment.
