

The Global Spheres Center, Japan, Square Foot Gardening: A Way to Maximize the Land during Traumatic Times!

March 15, 2011

Dear Positioned Ones:

The Lord awakened me at 1:30 this morning to go to war and do spiritual battle over His people. He is revealing to me how the last 3 year period He showed me is coming to a close. Now He is beginning to show me how we must make accelerated shifts to be established in the next 3 year period. These are both spiritual and survival tips. Pray that I will be able to communicate these clearly.

Why We Need to Understand Divine Alignment and Positioning!

When Pam and I got up this morning, we began to pray about Japan and watch the news for any of the latest developments that the people and nation are experiencing. I hope you read the word form Hokkaido that was sent out yesterday. If not, you can click [here](#) or go to www.gloriofzion.org and select "Recent Communications." Also, Daniel Pierce sent us this dream that he recently had after they moved to Israel.

Hey Dad, I wanted to let you know about something God spoke to me several months ago and a dream I had last night. About three months ago, Amber was away and I was at home with Lily. I began to prophesy out loud that there would be a great shaking from within that would boil over into the atmosphere. The Lord also spoke to me that prophets must open their mouths and prophesy because what is spoken into the atmosphere in this hour will be made whole in the heavens. I did not share this with anyone at the time because I did not feel the time was right. I believe the shaking within represents physical earthquakes as well as prophecy overflowing from within.

I had a dream last night that the power plant in Japan went into melt down and the fall out somehow affected the US. In the dream I was very concerned for the safety of the US. I do not know if this represents the stock market or physical radiation.

Also, continue to pray for Israel. There are protests planned all over the Gaza Strip and the West Bank. A popular uprising among Palestinians is calling for Fatah and Hamas to reunite. The IDF seized a ship in the Mediterranean yesterday that was transporting weapons from Iran to the Gaza Strip. The air is tense here. Amber and I feel there may be more attacks planned over Purim.

Square-Foot Gardening!

After pondering the above dream and praying for Israel, Japan, China, and the United States, Pam and I began to see a call to us. This call will affect the future for the Body of Christ. This is a call to the land that we own and the building that is being restored. By knowing that the Lord wants the land efficient and effective for our future, we will use much of the remaining land after the Israel Prayer Garden is completed for **Square-Foot Gardening**. This is a space efficient, rotation gardening system that makes it possible to grow the same amount of food as a traditional garden in 20% of the space.

The Square-Foot Gardening Concept is simple: Build a raised bed, divide the space into sections of one square-foot each, and then plant vegetables (and/or flowers) in just the amount of space they need. The advantages of this system include reduced workload, less watering, *easy* weeding (and not much of it), and easy access to your crops. **This is a great way to learn to grow some of your own food.** This is also a way that we will survive in the next few years. We will be pursuing a grant to use the building as a Disaster Shelter in the future.

These are days to plan and prepare now for the next three years. I am planning to write an update to [*The Future War of the Church*](#) and [*God's Unfolding Battle Plan*](#) to give us insight through 2016.

Blessings,
Chuck D. Pierce
