

***A Time to Prosper - Just Arrived!
Special Price through April 15!***

I returned home from Asia on Monday night and was so pleased to find that our new book had arrived --- just in time for Passover! ***A Time to Prosper*** is such a unique book where Robert Heidler and I develop an understanding of prosperity from a Hebraic understanding of time. Once you understand the cycles (of life and the calendar) and the various laws (of recovery, use and multiplication), you can position yourself to receive the fulfillment of God's promise of prosperity. We want you to learn how to first seek God and His Kingdom so all things will be added to you!

Most people do not see prosperity in their lives because they do not expect to prosper! However, you were uniquely made to prosper! The need and mindset to prosper should be a foundational core value of every person's life --- especially every Christian.

Prosperity occurs when you enter into the fullness of God's plan for your life. When you align yourself in God's cycle of time, you position yourself for the windows of Heaven to open above you and pour down blessings. *A Time to Prosper* will help you think differently, understand your unique identity, and find ways to defeat strongholds that keep you from increasing and multiplying!

Robert and I developed separate sections of this book. Chapters include:
