

Texas ... Not France! Thank you for Praying!

June 2, 2011

Dear Faithful Friends and Prayer Warriors:

I wanted you to know that I am in Texas and not in France. However, each prayer you have prayed has propelled me into a new dimension spiritually. Yesterday was a very interesting journey. The warfare actually started four days ago. When Aaron Smith came in yesterday morning and shared a health crisis that had occurred in his home, I knew that he was not to go to France. Then Venner and Bill Alston called, and through a circumstance, they were unable to go. I knew then that I needed to hear the Lord speak to me, and knew each one of you could touch Him in a way that would cause Him to respond and get the course set.

I received so many emails from you. Your prayers were comforting, and your exhortations were encouraging. Sally Heimann, an intercessor from California, was sitting in a dentist chair undergoing a troublesome root canal yesterday. The dentist said more than once there was much calcification present and that she was having trouble getting through to the nerve channels. Sally prayed that the Lord would make a way where there didn't seem to be a way, until her dentist ultimately broke through into the root canal, with the mission accomplished.

Mimi Townsend, a long-time friend from Austin, Texas wrote the following, "The first thing I heard about you: Joshua 3:7 *'Today I will begin to exalt you in the sight of all Israel so they will know I am with you.'* Then I saw you wearing new mantle--it was a soft brown color and made of very soft fabric. I heard the words: 'Peace, be still. You WILL be in the right place at the right time. Choose this day to wear a new mantle. To the human eye it may not seem impressive, but to Me it is one of great significance. It's texture is soft and it will be comfortable on your shoulders and will enable you to walk in great strength as you take on this new assignment.' Then I saw you and Robert (Heidler) as Nehemiah and Ezra. Your call, I believe, has been rebuilding the wall. Is it possible that this is where the 'right time and the right place' apply? Are you, Robert and your team going to be used as in Nehemiah 8,9 and 10? If so, the early chapters of the book are very relevant to your prayer request. Perhaps God is reinforcing your desire and ability to be so sensitive to His still, small voice so you will not be distracted from the greater assignment -- seeking in every moment to be at the right place on the wall, overseeing the restoration of the wall and gathering strength and wisdom for the Nehemiah assembly that I believe will soon take place. Your heart is so tender to Him and you will know where you are to be, and when to be there."

When I got to the airport, I was so seeking the Lord. The plane was then delayed for an hour after we got on. I began to get very agitated and could not feel the Presence of the Lord. I then said out loud on the plane and to Raymond Banks, who was traveling with me, "Lord, if you want me off this plane, you will have to return it to the gate and open the door!" The next thing I knew, the captain was announcing

that we had a mechanical problem and were returning to the gate. Even after returning, I waited for a moment to see if the bridge would connect and the gate reopen. They then opened the door.

In today's flight industry, everything is an ordeal once you have walked through the security gate. After all this delay, I checked and found that we would now miss our connecting flight to Montpellier. I knew that we were to leave the plane. No one else got off the plane except Raymond, Anne and me. I believe your prayers rearranged my schedule and got me back in the order that the Lord had for me.

Last week, I meditated on Deuteronomy 20, the "The Principles of War" chapter. The Spirit of God reminded me of one verse. *'When you go out to battle against the enemy....he who is the man who has built a new house and has not begun to live in the house should return home because it would be heartbreaking if you experience loss in battle and the house becomes the property of someone else.'*

Through Pentecost, this is my place to be. Thank you for pressing me forward into a new place with the Lord. I learned a lot. I saw how in days ahead that we will have to know His Presence, cry out to heaven, be willing to move quickly, and watch carefully for our "way of escape" when we have gotten on a path that is not the best for us at that moment in time. Therefore, I prayed this for all of you.

Concerning France, I have committed to pray for them and stand with them for a year. I videoed and sent them the Word that I knew the Lord was saying to me for France for the year ahead. I would have loved to minister in southern France and Paris, but I know the Lord well enough to know that it's more important to be in His perfect timing where He would have us, even when it comes to ministry. When we are at the right place at the right time, vision comes! Continue to pray for Martin & Norma Sarvis and Sheryl Price who are presently ministering in Montpellier.

Yesterday morning, I taped five sessions with Sid Roth, who urged me to complete the "Triumphant Reserve" book that highlights the vision God gave me three years ago. This would include covenant history and prophetic insight over each state. Listen to his program [Messianic Vision](#). These programs will air in a couple of weeks. We discussed the new book, [Time to Defeat the Devil](#). I encourage you to get this book if you don't already have it.

Also, I am seeing that Pentecost, when I hope to see many of you at the new Global Spheres Center, is more important than ever.

I love you all,

Chuck D. Pierce
