

***The Reality of Israel Today: Head Mounted
Flashlights for the Troops!***
An Update from Daniel and Amber Pierce

Friday, July 25, 2014

Dear Friends of Israel:

Israel is standing against the anti-Christ, anti-Covenant-of-God structure that is attempting to encroach on God's covenant boundaries. These are days of great contentions over borders. As things have intensified with the ground invasion of Israeli military forces into Gaza, so have the needs of people on both sides of this border. Daniel and Amber have been in contact with Israeli defense forces, and asked how they could support the troops at this time. As you can read below, today they purchased head mounted flashlights for 190 soldiers.

Next week, I will be traveling to Israel for a gathering that Daniel and Amber are hosting in Jerusalem. I believe this is a critical time to speak into the atmosphere of that land. This open meeting will be on Thursday, July 31 at 7 PM at the YMCA in Jerusalem. If you would like to give into this missions trip, you can [*donate online*](#) or by calling our office at **1-940-382-7231**.

Blessings,
Chuck D. Pierce

Supporting Our Troops

Friday, July 25, 2014

Yesterday, I spoke with a commander in the Israeli Army who is over a unit of two hundred and forty soldiers currently stationed on the boarder with Gaza. I asked if there were any needs on the front lines that we might be able to help with. He explained that his men have received many donations but could really use mosquito repellent and head mounted flashlights for working at night. This morning we made a trip to Tel Aviv to pick up 190 headlamps that will be donated to our soldiers. These are not ordinary head mounted flashlights, but have the added option to use red light (allowing the user to see but not be seen readily by others like a white light would do). From Tel Aviv, we headed to Ashkelon to deliver the lights to an Army contact.

This is an excellent way for anyone who would like to give into Israel and support the IDF to help provide our troops with some needed equipment. I would like to thank everyone in advance for supporting us, as well as giving into Israel when opportunities arise. If you would like to

give towards our costs today, you can do so by clicking [HERE](#) and noting “Israel Head Lamps” or calling 1-940-382-7231. Below are some pictures from our day.
