

***Gaining Access to Your New Door!
Prophetic Word!
Cheshvan Firstfruits will be Friday Night - All by
Webcast!***

Dear Leaping, Laughing Saints:

This is a year of doorways and opportunities. This pertains to us individually and corporately, as well as to states and nations. Who we choose to align with and press forward with will be key in determining how we are positioned for breakthrough in days ahead. As I shared during Sunday's Celebration Service, this is a year that we want to understand how to SEE our access and doors to the future. The Lord gave me a list of key doors to open and shut to access your doors of opportunity. If you were not able to join us yesterday, you will want to watch the [webcast replay](#) through Saturday evening.

At the close of our service, AC Oxtoa brought forth a unique tongue's message. I heard the Lord say, "This week, *I Am going to cause you to go on the warpath against your enemies. You will dance a new dance, and you will shout a shout. I AM sending the hornets before you to stir up the enemies that have been hidden in your land. You will rise up and laugh at those enemies, for I have already seated Myself. Come up and sit with Me and you will laugh with Me at the enemies that have been taunting you. There are some of you who have been going through hell the last 40 days. You have heard the enemy's voice, day by day, until you are almost convinced that you cannot advance. Stand back and watch... leap up and shout...for that enemy will now fall!*"

Linda Heidler also heard, "*I am calling in the wild ones. So don't be afraid to open the door for the wild ones, for it is I who can make them rule!*"

From Simchat Torah to Firstfruits of Cheshvan!

Don't miss this incredible service from Friday night. The Hebraic month of Cheshvan actually begins on Friday night, but we knew we needed to pull people together and dance with the Word of God for Simchat Torah. By celebrating Firstfruits last Friday night, this gives you an added week to catch up and grab hold of revelation. On Sunday morning, I actually shared on the blessings associated with the Hebraic month of Cheshvan, and you will be able to hear that when you watch the Sunday morning replay.

This Friday night, Robert and Linda will be leading a Shabbat service in the Shabbat Center. If you are in the region, and have never been a part of a shabbat service to end the cycle of one week to enter into the rest of the next, you are welcome to join Robert and Linda at 6 PM.

Pressing Through into the Year

For those of you who were able to join us on Sunday morning, you saw the new video that our

youth have developed. This provides a great visual of what it will take to press into the Year Ahead. Click [HERE](#) to watch this 3 ½ minute video.

Shifting to the Prayer Tower!

The next few weeks we will be repositioning some of our Media and Webcast equipment. Therefore, our week day gatherings will shift to the Prayer Tower for Tuesday and Wednesday meetings. Those of you joining us tomorrow (Tuesday) morning for prayer will meet in the Prayer Tower, rather than the Tabernacle. Our Kingdom Force Institute class on Wednesday at noon will remain in the Prayer Tower, and then this week's Wednesday Night Let Judah Go First gathering at 7 PM will also take place in the Prayer Tower. We look forward to James Vincent leading worship, and then Alemu Beeftu ministering on "**Establishing Your Altar!**" Of course, all of these meetings will also be available by webcast – live and replay. All of our weekend gatherings will remain in the Tabernacle.

Blessings,
Chuck D. Pierce
